ADDITIONAL REQUIRED ITEMS

- 1 The well and pump installation shall meet the requirements of ch. NR 812, Wisconsin Administrative Code.
- 2 The well and pump installation must be evaluated by a licensed well driller or pump installer and certified to comply with ch. NR 812 subch IV, prior to issuance or renewal of this permit, and every 10 years thereafter.
ATTACH a copy of the inspection report, on Wisconsin Department of Natural Resources forms, to this application.
- 3 A minimum of one safe sample shall be taken by the licensed well driller or licensed pump installer, at owner's cost, to establish that the water is bacteriologically safe. **ATTACH** a copy of the test results.
- 4 The Department of Public Works has confirmed, or has an appointment to confirm, there are no cross-connections between the well and pump installation or distribution piping and the municipal water system.
- 5 The water from the private well shall not discharge into a drain leading directly to a public sewer utility.
- 6 All pumping systems shall be functional.
- 7 The proposed use of the private well shall be justified as a reasonable addition to water provided by the Village, as determined by the Director of Public Works.
- 8 A fee of \$15.00 shall be paid at the time the application is filed with the Clerk-Treasurer's Office.

I hereby certify that all the information, including all attachments and additional information provided with this application, is true and correct. I further understand that the approval of this application does not relieve me of compliance with other applicable codes and ordinances.
